

Linear 2ft RGBW Module

Module Description

- Designed for retrofit applications
- UL recognized and ROHS compliant module
- Highly efficient Cree RGBW LED chips
- Designed for 2 feet fixtures
- Available with push pin connectors

LED		PCB		Applications
Brand	Cree	Part No.	S602L60RGBW-A	
Part Number	PLCC8 RGBW	Material	FR4	
Number of LED	60	Size	602.0x19.05 mm	
Color Temperature	Red – 619-624nm Green – 520-535nm Blue – 460-475nm White – 2500-6500K	Thickness	1.6 mm	

DRIVER		PERFORMANCE @ $T_A = 25\text{ }^\circ\text{C}$	
Input Voltage	48 VDC	Luminous Intensity (per Color)	Min ratings: @400mA – 3590 mcd Red @400mA – 8200 mcd Green @400mA – 2560 mcd Blue @400mA – 7030 mcd White
Input Current	200-700mA 160-600mA 100-600mA 160-700mA	Luminous Efficiency	206 Lm/W at 20mA 189 Lm/W at 50mA 166 Lm/W at 100mA
